

YEAR 9 – Health Education

SEMESTER 1 TERM 2

Unit Outline – Drug Awareness

Course Description:

This course is taken directly from the SDERA Challenges and Choices Education Program. This term the focus is on Drug Awareness.

Course Outcomes:

By the end of this unit you should be able to:

- Have an in depth knowledge of drug and alcohol facts
- Identify ways of reducing drug and alcohol user risks
- Have an understanding of ways to seek help for friend who may be at risk
- Understand western Australian Laws relating to drug use
- Understand Western Australian Laws relating to alcohol
-

Course Organisation:

The organisation of the unit will be:

This unit runs for 50 min once a week. Students are provided with a workbook and lesson by lesson direction. Time is limited so there is an expectation students will complete work outside of class on occasion.

Students' activities will include:

- Information pertaining to the course outcomes
- Self-reflection
- Active and responsible participation in all class discussions

Course Vocabulary

- TOBACCO
- ANALGESICS
- ALCOHOL
- CANNABIS
- TRANQUILISERS
- ECSTASY

- BAC
- HALLUCINOGENS
- COCAINE
- HEROIN
- AMPHETAMINES

- ILLICIT
- ILLEGAL
- STIMULANTS
- DEPRESSANTS
- BINGE DRINKING

***Because of the nature of the Health Education unit, Incursions and guest speakers can sometimes alter the order of topics covered. Students are encouraged, and marked, on their contributions to class discussions. Because I encourage students to take an active and vocal part in every class, in depth class debates can also effect the unit timeline.**

Course Timeline:
