

'Have You Filled A Bucket Today?'

Room 1 students brought to life the story, 'Have You Filled A Bucket Today? – A Guide to Daily Happiness for Kids' by Carol McCloud at last week's assembly.

After three weeks of intensive dialogue and microphone practise, a bucket making session with parents (thanks to Susie Dale, Alison Gooch and Katy Trew), daily dancing and singing rehearsals, Room 1's performance is still being spoken about within the school and wider community.

The 'Bucket Filling' message links very closely to the school's CRTR Values and it has been heart-warming to hear students and staff alike using the language of filling each other's invisible buckets in the classrooms, playground and even the staff room!

Students' reflected on their assembly with comments such as: 'I loved the Bounce Back song because it was so much fun'; "Everyone remembered their words because we practised lots"; "I was trying not to step on my bucket when I was dancing"; "It was hard ignoring the people being silly"; "I will remember doing the talking" and "I will remember that everyone did a great job!"

The greatest compliments have been from fellow students, young and old. Our buckets were filled to overflowing with cards, notes and compliments from whole classes, individual students and staff. Thank you to all who took the time to congratulate the Room 1 students, you certainly filled their buckets!

Let's hope we can all continue to answer the question, "Have you filled a bucket today?" and make Gingin DHS an even happier place to work and play!

Famous Room 8's

At the end of Term 3, the Gingin Gravity Centre requested the presence of a class to produce a segment for the TV show Today Tonight. Room 8 took up this opportunity and were also given a full education tour. Students and staff had a fantastic time as they engaged in many fun activities and games, designed to test their maths and science skills. To top the day off, we got to meet the hosts of the YouTube sensation 'How Ridiculous', who also happened to be filming. Thank you Rules Transport for donating the bus and Gerry Dailey for driving us!

Year 10 Exams

The Year 10 students will sit their second semester exams next week. Tuesday 6th November will be English & Maths. Wednesday 7th November will be HASS & Science. The Exams range between 20 – 30 % of their overall Semester mark but more importantly they provide the students with the experience of having to keep notes over the course of the year, how to undertake a study plan, how to prepare notes pages and how to focus for an extended period of time in silence. Previous students have said that this structure in Year 10 was of a huge benefit in Year 11.

Year 9 Maths

Making the most of the warmer weather, Mrs Morton's year 9 Maths class was held outdoors last Friday. Students made clinometers (an instrument to measure the angle of elevation) and put their trigonometry skills to the test to work out the height of the flag pole, street signs and trees and buildings around the school. It was a great way to apply what we have been learning in the classroom to some real life situations.

PBS

We have been lucky enough to have the CWA work closely with the PBS committee to design and create some CRTR costumes. Our final CRTR, Rupert was revealed at the assembly last week. All four CRTRs were then invited to the front of the assembly to help present a certificate of appreciation to the Koorunga CWA ladies. We would sincerely like to thank all of the ladies who helped design and construct the costumes.

We would also like to thank Helena, Mrs Daley and the many students who helped with this process also. This week, teachers will be reinforcing the behaviour "Use equipment as it is intended". This means making sure all equipment is used correctly and put back once finished with. Equipment can include sports equipment, computers, ipads, books and subject specific tools used in Home Economics, Design and Technology and Science.

Lost Uniforms

There are a number of items in the lost property box in the front foyer of the school. Any items not claimed by the end of Week 5 will be donated to charity. It is important to label all items so that staff can easily return items to their rightful owner.

Gingin's Got Great Talent

Gingin's Got Great Talent is on this week! The show will start at about 1.30, once everyone is seated.

Our judges this year are Mr Chipchase, Mrs Daley and our special guest judge will be last year's School Captain, Callum Normington.

The winner will take out a \$50 voucher! There are also prizes for second and third!

We would love to see family and friends some along, but be prepared, this talent will blow your mind!

Below is the order of performers, please note it may be subject to change.

See you all on Wednesday!
