
Horticulture/Outdoor Ed

Huge thank you to the following people for all of their time and effort with the Horticulture/Outdoor Education class this year:

Peter Haenni, Campbell Lette & Cyril Sharpe
We look forward to an excellent 2019 filled with more passionfruit slice, apple crumble, cauliflower and cheese, roasts and DIY projects.

We wish you a very Merry Christmas and a Happy New Year!

Ms Devine and Vanessa Fewster

Year 6 Horticulture

So where does your food come from? This is the question put to a small group of Year 6 boys at the beginning of 2018. In the past year we have seen the boys discover a whole range of vegetables and their different tastes, the seasons of vegetables and when to grow, learn how to propagate and pot out seedlings and how to make compost and run a worm farm.

They have successfully grown potatoes, cabbage, cauliflower, broccoli, kale, 6 kinds of lettuce, beetroot, carrots, garlic, chives, tomatoes, corn, beans, peas, cucumber, capsicum, chilli, eggplant, zucchini and melons using organic principles. There have been many highlights but seeing the size of the boys' eyes when digging the potatoes is hard to top.

Thanks to Jenni, Vanessa, Simone (for the Season), Gingin Trading and the boys who have been the stars of the show.

Kim Mouritz
